

**POLICE OFFICERS AND ALL GOVERNMENT EMPLOYEES  
(FEDERAL-STATE-COUNTY-CITY): AUTO BUYING PROGRAM**

Everyone can now purchase a new Chevrolet at a very low Fleet Price (the price a large company would pay and thousands less than most people pay after hours of negotiations) from John Giatropoulos. Equally as important your low price is given to you IMMEDIATELY upon selecting the vehicle you wish to purchase or lease. Fine pre-owned vehicles are also available.

There are special programs available for: 1. Government Employees & U.S. Military Personnel Active or Retired 2. Licensed: Business Owners & Professionals 3. GM Employees & Vendors 4. Organizations (that have partnered with us for the benefit of their Employees & Members). **OVER 120 OF THE FINEST BUSINESSES AND ORGANIZATIONS HAVE PARTNERED WITH US.**

For anyone that purchases a vehicle from John Giatropoulos that is referred by any **NON-PROFIT ASSOCIATION**, \$200.00 will be donated to that Association for each "retail" sale. LVPPA requests donations to be given to the IPOF.

Although there other dealers, fleet sales and internet sales people (not managers) and different buying programs that share some of the benefits of my program, there are none to my knowledge that offer all of the benefits and often a charge the buyer higher a price. Internet & where house buying services, as well as auto brokers all charge the dealer expensive fees that are passed on to the buyer they refer.

**"It is my opinion that the lowest price given immediately with no distasteful negotiations and being treated in a respectful manner is what people deserve."**

This program is offered exclusively by appointment through John Giatropoulos.

Sincerely,  
John Giatropoulos  
Retail Fleet Manager
